Quality

ISO 9001:2008 Quality Management

*We are the supply partner of choice for New Zealand's
civil construction industry, specialising in water and
infrastructure based solutions.*

HYNDS
PIPE SYSTEMS

High Spec Access Cover, offering maximum safe access to secure, sealed networks.

Features

- Rated to Class D400 to EN124 – exceeds HN-HO-72 Transit Load requirement
- Snap Locking with two parallel torsion spring bars
- Non Rock stability through Polyethylene cushioning insert fixed to the frame
- 5 guides on ribs ensure the cover is positioned centrally within the frame, with no lateral movement
- Cover locks open at 90 degrees preventing accidental closure
- Three options available – Standard, Locking (through addition of Locking Kit) and Vented (with Mudpan to catch road grit), the Vented option allows released gases/air from Air Valves etc to escape without removal of cover
- Multi purpose keyway allows for opening with pick or bar – no special tools required
- Locking key required when using lockable cover

Accessories

- Personalisation available – Council Logo etc
- Captive Hinge – before product installation insert a 12 x 180mm pin

Testing

- Tested in France in accordance with EN124
- The NF Mark certifies conformity by the authorising body AFNOR CERTIFICATION
