Hynds durable effluent piping is designed to meet most dairy shed effluent disposal needs and assist with the effective dispersal of effluent, making excellent use of all nutrients.

Design Specifications

- Manufactured from medium density, durable polyethylene.
- Supplied with three lilac stripes for easy identification.
- Effluent pipe can be installed below or above ground.
- Installing above ground is more economical, and makes relocation easy for discharging to different paddocks.
- Effluent pipe is easily connected to existing pipe work with camlock fittings (available from your nearest Hynds branch).
